The pleated cotton wool packed in 100 g. bags is a medical non-sterile and non-measuring device in Class I.

It is a Class I medical, transient and non-invasive device and it is intended to be used as a mechanical barrier for compression or for absorption of exudates, as stated in articles 1 comma 2 of the Italian dlgs 507/92 – 46/97 – 332/00 and annex VIII.

It is in conformity with the European Regulations 2017/745 of 05/04/2017 and has the CE Mark.

This declaration is issued under the sole responsibility of the manufacturer.

In faith.

Graziella Masserini
