

## **Declaration statement**

To Whom It May Concern:

We, Besmed Health Business Corporation, located at No. 5, Lane 116, Wu-Kong 2<sup>nd</sup> Rd, Wu-Ku District, New Taipei City, Taiwan, hereby declare that we have conducted the test to characterize the materials in **Besmed Disposable Resuscitator set (RE-23410, RE-23510, RE-22610 and PO-85440)**. Besmed Disposable Resuscitator set contains PVC, PC materials. According to the material characterization test, the Besmed Disposable Resuscitator set and package were evaluated and it was determined that it does not contain latex and DEHP content, as we did not use any raw material containing these materials to comply with the requirements set out in the Regulation (EC) No 1907/2006. Therefore, there is no biological risk related to the Besmed Disposable Resuscitator set over entire product life cycle. In conclusion, our product Besmed Disposable Resuscitator set is safe to use and does not pose any potential risks to public health.
